Education

Northeastern University College of Professional Studies

M.S. in Digital Media

Sept 2024 – July 2026

Selected UX & Design Experience

Cluzy — Data Safety App

UX/UI Designer | Group Project | October 2025 – December 2025

- Co-developed research plan and interview guide to explore user needs and ideated design solutions
- Synthesized findings into design recommendations and an end-to-end mobile flow
- Independently translated wireframes into a high-fidelity prototype

Rock Spot Climbing — Gym Website

UX/UI Designer | Independent Project | January 2026 – April 2026

- Conducted research to identify target users, users' needs, and website goals
- Rebuilt the site architecture to improve access and usability
- Created wireframes and high-fidelity designs with an approachable and inclusive visual direction

ARKA HR — HR Solutions Web App

UX/UI Designer | Client-Sponsored Capstone Project | April 2026 – July 2026

- Reviewed the existing Figma designs and addressed issues and missing pages across both the admin and client portals
- Refined role-based user flows through recurring client reviews and delivered a complete high-fidelity prototype

Professional Experience

Odynovo Tours Co., Ltd.

Chatswood, Australia | Intern, Marketing Dept | Nov 2023 – Mar 2024

- Designed user-focused multimedia content for destination web pages and social campaigns
- Collaborated with the marketing team to support website content and digital storytelling
